RECENT PRESSINGS

WineSpectator.com

Cave Spring Riesling '07- a mix of grapefruit, spice and apple flavours in a dry style. There's a nice lemony acidity on the finish. –James Molesworth

The Globe and Mail

Cave Spring Riesling Estate '07 from Niagara was lined up to a panoply of about 90 wines from around the world... the Cave Spring was probably the best value in the room. From the same producer comes another deliciously balanced wine, Cave Spring Chardonnay Estate '06... a flintier, zippier Chardonnay that still displays a toasty, tropical-fruit bottom. –Beppi Crosariol

Washington Post

One of the most consistently excellent North American Rieslings is Cave Spring... the '06 Riesling is no exception. Its white-peach and pink-grapefruit flavours end in a mineral finish.... –Dave McIntyre

The World Atlas of Wine

The family-owned Cave Spring is one of Ontario's longest-serving trailblazers. –Jancis Robinson & Hugh Johnson

Hugh Johnson's Pocket Wine Book

Three stars! Benchmark Riesling, sophisticated Chardonnay from old vines, good Gamay and sparkling wines.
